Daniel 4

THE SOVEREIGN KING

SOVEREIGNTY

- Supreme authority or absolute power is within a state or territory

SOVEREIGN:

-The power to make laws
-The power to amend what He has declared
-Exercises authority to everyone and everything
-Independent; free from external interferenceDoes not require counsel from another

Is our King in control of everything?

Does our King control human actions and decisions?

While we have our own will, we must remember that our King has a perfect plan in place and in execution, as He pleases.

Because He is a God of Love, He opted to allow us to have our own will

God has an established plan and purpose, but He will not override our decisions and actions

It is for us to ALIGN OURSELVES to His plan and purpose
