Philippians 2:10-12
Joshua 1:8
Matthew 5:17-18

A person who obeys the law is in order; a person who disobeys the law is in disorder.

Why do we need to obey the law?

Being a citizen in the Kingdom of God, it is a requirement to obey the law.

We think of law as a bondage, while in contrast the law protects us.

When we are still in a religious mindset we use grace as a license to continue on sinning.

The product of righteousness is holiness

Why do we fear the law?

We think law as a limitation

Legalism

Excessive inheritance or conformity to the law.

We don't worship the law, we obey the law

Romans 6:7

Every disorder in our life is a result of our disobedience to the law of God.

The key of order is Law

The priority of Kingdom is law

Creation Law Principle

The original inherent natural principle and standard necessary for an effective function.

Ephesians 6:1
John 17:17

Ritual Law

Secondary and temporary rituals; a custom system or programs that require corrections and redemption purposes.

Ritual law has already been paid by the Lord.

Every law protects us.
