Galatians 5 :1

## Freedom ( in democracy )

A fundamental concept, a core principle that shapes the structure of the government

Every FREEDOM comes with responsibility.

FREEDOM is not the absence of law or responsibility. It is not a synonym for 'independent'.

John 8:31-32

1.FREEDOM begins in our mind.
We are controlled by whatever or whoever we choose to follow.

Colossians 1:13

2. FREEDOM TO SERVICE
True freedom is not being free to do what we want, but being free of service to the King.
"True freedom comes when you live according to the purpose God created you for."

1 Peter 2:16,19

3. EXERCISE OF WILL AND CHOICE
Freedom is the power to choose and act according to one's will. But guided by God's wisdom and the leading of the Holy Spirit.

John 16:13
Galatians 5 :25

4. SPIRITUAL OR ETHICAL FREEDOM
It isn't about external but involves internal liberation. Free from the influence of the system of this world.

John 5:9

"Our **free will** isn't the license to do whatever we want, but the power to choose God's will and live out his purpose."

5. FREEDOM FOR PURPOSE
The ultimate goal of freedom in the Kingdom is to be free to live out God's purpose and fulfill God's plan in our lives by using our gifts.

If we are truly connected to God, His laws are not burdens, it becomes part of our nature to seek and follow His laws.

James 5:17
