PRIORITIZING THE PRIORITY

Tatay Pastor February 22,

Matthew 6:25-34

WHY IS IT IMPORTANT TO PRIORITIZE THE KINGDOM

1. It is a common [v.33]
2. Every human need can be found in Kingdom
3. The Kingdom was prepared for us since the foundation of the world.
4. Kingdom is our inheritance [Matthew 25:34, Acts 28:30-31]
5. Familiarize/ understand the Kingdom
6. Knowing its constitution we can be effective citizens by living in a Kingdom
7. To experience being a restored person.

Priorities can be measured through: How do we use our time?

Time is the currency of life in the Kingdom

Generation refers to time.
The time we spend in our generation will affect the future generation.

Papaano sa pamamagitan ng tamang purpose na iyong nakakuha na binabanggit ng Panginoon ang nangyayari niyan nakikita ko ngayon ang progreso na nangyayari sa iyo na bago maubos because you are in the right priority

By having the right priorities we preserve our life.

Our time and our life is not wasted when we use it with the right priority.

Examine ourselves
Where do we spend our time, money, talent, and energy that was given to us by the King. Do the things that we do please the Lord?

If we don't know the right priority, we are only wasting our time.
