THE COMPONENTS OF A KINGDOM

Tatay Pastor January 12

Matthew 6:31-34

Our priorities should be the kingdom and the righteousness of God.

A kingdom is the governing influence of a King over his territory, impacting it with His personal will, purpose and intent, producing a culture, values, morals and lifestyle that reflect the King's desires and nature for His citizens.

THE KINGDOM PRINCIPLE OF KINGS

- The king is the central component of a kingdom and embodies the essence of the kingdom.
- The king is the ultimate source of authority in the kingdom and through this authority establishes the kingdom.
- The sovereignty of the king is inherent in his royal authority.
- God is King in the Kingdom of God.

John 18:36-37
Matthew 13:10

THE KINGDOM LORDSHIP PRINCIPLE

Psalm 24:1

- All true kings must have property or a domain over which they exercise rulership of dominion.
- Therefore, all true kings are personally legal owners of property, territory, or their domain.
- Another word for owner is "lord."
- All true kings are automatically lords.
- Kings own all that is in their domain.

THE KINGDOM DOMAIN PRINCIPLE

Psalm 115:16;
John 18:36-37

- The domain of a king is the territory over which he exercises authority, control, and dominion.
- The king owns his domain and can expand or extend it, by the power of his might.
- The wealth of the domain determines the king's glory. When the king impacts the domain with his influence it is called his "kingdom."

THE KINGDOM CONSTITUTION PRINCIPLE

- The constitution of the kingdom is the documented will, intent, desires, and purposes of the king for his citizens and kingdom.
- The Bible is the constitution of God's Kingdom.

THE KINGDOM LAW PRINCIPLE

- The law of the kingdom is the proclaimed word, decrees, and edicts of the king, and these laws determine the standards and precepts by which the kingdom is to be governed.

•God's kingdom also operates by Laws as contained in the Bible.

DIFFERENCE BETWEEN A CONSTITUTION AND A LAW

A constitution is a set of fundamental laws that establish how a country is governed, while a law is a rule that the government makes to govern the behavior of people.

CONSTITUTION (Democratic)

a legal, political, and social document that:
•Defines the principles of the state Establishes the procedure for making laws
•Limits the power of the state by establishing fundamental rights
•Creates a framework for regulations,
legislation, institutions, and procedures
•Defines the boundaries of the political community, including territorial and personal boundaries
(This is Democrat Basis)
(This is not applicable in Kingdom set up)
(This is a set of example to deep understand what is constitution)

LAW

a rule that the government makes to:
•Make certain acts illegal
•Impose regulations on citizens, businesses, or the government
•Be made in accordance with the country's constitution

LAWS INCLUDE:

•Constitutional law
•Administrative law
•Criminal law
•Contract law
•Property law
•Labor law
•Immigration law
•Laws on human rights

THE KINGDOM KEYS PRINCIPLE

•The keys of the kingdom are the principles, precepts, laws, and systems by which the kingdom functions.
•The keys must be learned and applied by the citizens to appropriate the benefits and privileges of the kingdom.
•The Keys to God's Kingdom are His instructions given in the Bible.

Matthew 16:19

THE KINGDOM CITIZENSHIP PRINCIPLE

•Citizenship in a kingdom is not a right but a privilege, and it is at the pleasure of the king himself.
•You become a citizen of God's Kingdom when you believe in Jesus Christ and change your thinking.

John 15:14

THE KINGDOM ROYAL PRIVILEGE PRINCIPLE

Royal privileges of the kingdom are the benefits the king affords his citizens.
• They serve as a security for being in good standing with the king.
• God's grace grants us access to His royal privileges or blessings
